

Accidents

What is the service we offer?

Have you, a relative or a friend been involved in an accident? Have you suffered emotional or physical distress as a result?

If so H.D Keane can help. We will advise you on all aspects of your accident claim.

Who is it for?

If you have been involved in an accident within the last 2 years we are able to offer help and advice in many areas, including:

- Road traffic accidents
- Accidents at work
- Sporting accidents
- Trip and Fall accidents
- Fatal accidents

How the service works

We will review your problem at an initial free interview and assess the likelihood of a successful claim. A solicitor will be assigned to your case, visit you at home or hospital if necessary and will ensure you are regularly updated. You can be assured of our full support throughout, as we understand this can be a traumatic time.

Our solicitors have many years of experience between them.

How much will it cost?

Your initial interview is free. We will be happy to advise you about fees at your first interview.

What you should do next

If you are interested in our services, please contact us by telephone, fax or email.

What do you need for a claim to be successful?

For a claim to be successful you must prove that the accident was caused by someone other than yourself.

That the injury suffered must have resulted from the accident.
